Terminal Advertising – Static

In 2018, an excess of 150,000 business and leisure travelers (more than 82% from Canada) will pass through Plattsburgh International Airport offering an excellent opportunity to present your company's message to a very desirable demographic group for maximum effectiveness.

- Airports boast one of the highest demographics:
 - Median household income of \$104,000
 - 48% professional/managerial

- A captive audience translates to superior visibility:
 - Air travelers arrive at airports on average 2 hours prior to departure
 - Average gate hold dwell time is 70 minutes
 - Average baggage claim dwell time is 20 minutes

Large Format Light Boxes: Command the attention of passengers en route to hold rooms, baggage claim and ground transportation with bold brilliant advertising messages. Our light boxes are large back-lit transparencies, housed in attractive frames to get your message across – in a big way!

* The Chamber of Commerce will restock the Visitors Center and notify you if more brochures are needed

Terminal Advertising – Digital

In 2018, PBG has added digital marketing to its list of offerings.

According to recent reports consumers are 65% more likely to consume digital advertising versus traditional print advertising. For this reason we found it important to offer businesses a digital means of advertising in our terminal.

We currently have a video wall located in the baggage claim/car rental area, highly visible, to those entering the front doors as well as to passengers picking up luggage and car rentals, as well as small screen above each gate in the secure area available. The screens will run daily from 5:30am to 9:30pm. The terminal is on course to see over 150,000 passengers in 2018. Advertising space will be available starting April 1st.
